Town Hall Meeting Agenda

Thursday, March 4, 2010

This year may well be one of the most important election cycles of our lifetimes. We must stop our great nation's slide into progressive socialism. As part of our ongoing collaborative grassroots efforts to restore our constitutional republic to the core principles envisioned by our founding fathers, we have invited 2010 candidates for the 1st Congressional District to speak at this town hall meeting.

Also, you may know that Bill Clinton and James Carville have been reported to be preparing to launch smear campaigns against top tea party leaders around the country. And, occasionally some ego-driven person emerges declaring themselves "the" leader of the national tea party movement. Our MB group has a message for these folks.

Tonight, we are going to shoot a video. In it, one by one folks who volunteer will announce "I am THE tea party leader". The video will conclude with the entire crowd proclaiming in unison and with one voice "I am THE tea party leader." We'll post it on YouTube.
