

Myrtle Beach Tea Party, Inc.

MISSION STATEMENT

Myrtle Beach Tea Party, Inc. is a collaborative volunteer grassroots initiative whose ongoing non-partisan objective is to educate, inspire, and empower everyday American citizens to take peaceful action in order to maintain and/or restore our constitutional republic to the core principles envisioned by our founding fathers.

In the course of achieving these objectives, we shall:

- (1) organize rallies, town halls, and other events to provide a public forum for our community to express their concerns and to discuss solutions regarding national, state, and local matters**
- (2) provide a watchdog service regarding big government spending, big government growth, and unnecessary taxation**
- (3) share information regarding state's rights and state sovereignty issues**
- (4) implement online information services on all ongoing activities from our group and to facilitate and expedite communication of related concerns**

In the fulfillment of our non-profit mission, we may, as is deemed prudent at certain junctures or on a more long-term basis, ally ourselves with, and specifically reserve the right to endorse, other individuals, groups, organizations, and legislation that share our concerns in whole or in part.
